ENVIRONMENTAL POLICY STATEMENT

LPC Construction Limited is a provider of reinstatement, civil engineering and construction services to the Electricity, Civil Engineering and Construction Industries.

It is the policy of LPC Construction Limited to ensure that any threats of pollution from its activities are identified and either prevented, eliminated or effectively controlled.

In pursuance of this policy our Company will:

- Comply with applicable legal requirements, and with other requirements to which we subscribe in relation to our environmental aspects;
- Assess on a regular basis the environmental impact of all our operations;
- Set and review environmental objectives and targets with the aim of continual improvement and prevention of pollution;
- Ensure that the Policy is used to provide the framework, through management review, for setting and reviewing our environmental objectives and targets;
- Aim to include environmental considerations in investment decisions;
- Minimise waste, noise and emissions to atmosphere in all parts of our business;
- Reuse and recycle materials and packaging wherever practical;
- Reduce consumption of energy, fuel and materials;
- Reduce the environmental effects of our operations on habitats, species and on natural habitat;
- Wherever practicable use recycled or recyclable materials and components;
- Encourage employee involvement in environmental action.

This policy will be communicated to all persons working for and on behalf of LPC Construction Limited, and, made available to the public and interested parties using our company web-site and other appropriate media.

I am, as the Managing Director, responsible for ensuring that the policy is communicated, implemented and maintained throughout the organisation.

I, in liaison with other members of the board of directors, will review this policy statement periodically (at least annually), in order to ensure that it is current, suitable and relevant to the nature, scale and environmental impacts of our business activities, products and services.

Neil Coates
Managing Director
